SEARCH AND ACQUISITION SERVICE

Introduction

As an independent regional commercial agency practice, we are fully informed of the availability of properties and are well aware of market transactions. We are therefore not only able to advise upon the availability of premises but also to negotiate the most competitive terms on an occupant's behalf, particularly in the current market.

Our search and acquisition service can be tailored to suit an occupiers specific requirements, our service comprises the following:-

Search & Acquisition Service

- To undertake a comprehensive mailing of Agencies, Local Authorities, Developers and existing occupants within the area of search and to compile a "short-form" schedule of available premises.
- To advise as to value and report on the preferred property including full property acquisition service such as planning and lease terms.
- To identify and select a short list of suitable properties for your further consideration.
- To implement a full advertising campaign if necessary within an agreed budget.
- To inspect the preferred property in detail, including measurement of let able floor space.
- To negotiate the best possible acquisition on your behalf and to consider structuring of the acquisition to best suit your Company's needs.
- To maintain a full watching brief in the market for a "first reserve" property.
- To liaise with Solicitors in advising upon the detailed lease terms and negotiations.

Commission

An initial search fee to be agreed plus VAT will be payable upon completion of our initial schedule of available space.

If we continue with the acquisition procedure our final fee will be based upon 10% of the annual rental or 1% of a freehold price, as stated in our General Terms and Conditions for Agency Business available on request. Alternatively an incentive-based "competitive" fee may be negotiated, as appropriate. This fee is payable upon exchange of contracts.

The initial search fee to be agreed plus VAT will be deducted from our final acquisition fee as and when it becomes payable. You will be responsible for any pre-agreed disbursements and marketing costs.

Additional Services

We are able to provide a full range of important further advice including structural surveys, Schedules of condition/dilapidations which can be undertaken by our specialist Building Consultancy Division and specialist Rating or Planning advice is similarly available from our in-house Departments on an additional, separate fee basis to be agreed.

2012/13	45.5p	44.8p
2013/14	47.0p	46.3p
2014/15	48.6p	47.9p

Small Business Rates Relief

Only businesses that qualify for Small Business Rates Relief (SBRR) have the Small UBR used in their liability calculations. All other properties are assessed using the large UBR.

A business can apply for SBRR if the aggregate of the Rateable Value (RVs) of its properties are below £18,000 (£25,000 in London) and only one property is assessed at above RV £2,599. Those with a Rateable Value below £6,000 will receive 100% rate relief up until 30 September 2012, 50% thereafter. This relief is then reduced on a sliding scale of 1% for every £120 in rateable value between £6,001 and £12,000. Properties with an RV between £12,000 and £17,999 (£25,499 in London) are charged at the Small Business Multiplier.

Empty Properties

From 1 April 2011, the threshold at which empty properties become liable to pay rates drops from £18,000 to £2,600.

EMPTY PROPERTY: RELIEFS & EXEMPTIONS	
Commercial	3 months exemption*
Industrial	6 months exemption*
Listed Building	Exempt
Vacant Land	Exempt
Ratepayer is a Charity	Exempt **
Ratepayer is Amateur Sports Club	Exempt
RV £2,600 or less	Exempt
Ratepayer in Administration or Receivership	Exempt

*Exemption applies when property is newly assessed for rates or when it is vacated provided it was occupied for a least six weeks beforehand.

** Exemption applies where Local Authority are of the view that the property will next be occupied by a Charity.

Partially Empty Properties

When a property is partially vacant for a short period, the ratepayer can apply to the Council for relief under section 44A of the Local Government Finance Act 1988. The relief will apply to the vacant part in accordance with the table above. It is granted at the discretion of the Council.

Transitional Relief Scheme

The Transitional Relief Scheme limits for the 2010 Rating List are set out below. It is clear that businesses with large properties face bigger charges in order to subsidise smaller businesses. A small business is classified as any assessment which is under £18,000 outside London and £25,000 inside. It should be noted that the Business Rates Supplement is not subject to the transitional scheme.

Transitional Relief Scheme				
Rate Year	Caps on Increases		Caps on Decreases	
	Large	Small	Large	Small
2010/11	12.5%	5%	4.6%	20%
2011/12	17.5%	7.5%	6.7%	30%

Relief for Retail Premises

Since 1 April 2014, all shops, pubs and restaurants with a rateable value below £50,000 are entitled to £1,000 relief. From the 1 April 2015 this will increase to £1,500, subject to the usual state aid rules. The Government have produced a guide which recommends excluding a number of retail uses. This can be accessed by clicking on the heading above.

Relief for Occupying Vacant Retail Premises

From 1 April 2014, businesses that move into a retail premises which has been vacant for more than a year will qualify for a 50% reduction in rates for 18 months. The qualifying period is set to end on 31 March 2016. The Government's guidance note can be accessed by clicking on the heading above.

Empty New Buildings

From 1 October 2013 any new qualifying building will be exempt from empty rates for up to 18 months. To qualify, the new building must be assessed between 1 October 2013 and 30 September 2016. The relief will take into account the current three or six month exemption periods already in force. Therefore the maximum additional relief is up to 15 months. This additional relief is subject to State Aid rules which mean the relief the ratepayer can receive is capped at 200,000 euros over this period. The Government has issued a guidance document which sets out the qualifying criteria. This states that the structural fabric of the building must be more than 50% new to qualify. It also states that refurbished buildings are unlikely to meet this test.

Discretionary Relief

On 1 April 2012, the discretionary relief regulations were changed to allow Councils to grant rate relief to any ratepayer. The key requirement is that the Council must consider it is in the interest of the local council taxpayer in order to grant the relief. This is due to the fact that the Council has to fund 50% of this relief from their own budget, with the Government paying the remainder.

Right to pay by instalments extended

From 1 April 2014, all ratepayers will be entitled to apply to pay their rates over a 12 month instalment plan as opposed to the previous 10.

Enterprise Zones

From 1 April 2012, Councils are able to grant up to 100% relief to businesses located in a designated Enterprise Zone. In order to qualify, a business must already be located in the Zone or move in prior to 1 April 2018. The relief can also apply to empty properties and small businesses. The relief lasts for five years and is subject to state aid rules with a maximum grant of £275,000. In order to encourage Councils to grant this relief the Government has agreed to fund 100% of the cost.

WALES

Rating List – Facts & Figures

WALES – Uniform Business Rates (UBR)	
Rate Year	All Properties
2012/13	45.0p
2013/14	46.5p
2014/15	48.1p
2015/16	48.2p
2016/17	49.2p

Uniform Business Rate

The Welsh Assembly announced the UBR for 2011 would be at the full RPI increase. Unlike England, there is no separate UBR supplement for large properties. The UBR is set annually, and normally only adjusted by the prevailing RPI inflation rate as at September. In the event that there is a loss in total liability collected as a result of changes to the Rating List then the Government have the ability to increase the UBR in the following year to make good the shortfall.

Transitional Arrangements

There is no transitional relief scheme in Wales for the 2010 List.

Small Property Relief

Small property relief was introduced from 2007/2008 in Wales for the first time. Unlike England, the relief is automatic and applies provided the assessment is below the required threshold. For assessments between Rateable Value (RV) £2,000 and £4,999 a 25% discount will apply. For assessments less than RV £2,000 a 50% discount will apply.

PLEASE NOTE THAT THE ABOVE INFORMATION CAN BE CHANGED. IT IS ADVISABLE TO CHECK ANY EXACT SITUATION WITH THE APPROPRIATE RATING AUTHORITY
